Michael Faraday's The Chemical History of a Candle Dec 27 2019 This book is a companion to the EngineerGuy YouTube series of Michael Faraday's 19th century lectures on The Chemical History of a Candle. This books contains the lectures, 14 illustrations, introductory guides and seven student activities with teaching guides.

One Small Candle Apr 30 2020 Mary Mickey was born February 26, 1951 in the quaint town of Shrewsbury, MA. She led a life of constant soul searching, intense theological research, and spiritual discovery across many religions; with a foundation in Judeo-Christian tradition. Her influence on people was mind-opening, as if the purest form of love radiated from her consciousness. Truly possessing the ability to calm even

the most chaotic minds and sooth the hardest hearts. The compilation of her life's wisdom is contained in these pages, and grants anyone who reads these poems the key to life's treasure chest.

Bell, Book and Candle Nov 06 2020 THE STORY: Gillian Holroyd is one of the few modern people who can actually cast spells and perform feats of supernaturalism. She casts a spell over an unattached publisher, Shepherd Henderson, partly to keep him away from a rival and partly because

PoPo's Lucky Chinese New Year Jun 20 2019 When her Chinese grandmother comes to visit, a young Chinese-American girl learns of and participates in the customs and beliefs celebrating an authentic Chinese New Year.

The Secret Code of Japanese Candlesticks Jun 01 2020 A simple guide for using Japanese candlesticks correctly, and profitably Candlesticks have gotten a lot of attention lately, but few traders truly know how to use them wisely and profitably. Without the proper context, candlestick charting won't work. In this book, technical analysis expert Felipe Tudela shares candlestick creator Sokyu Honma's Great Market Cycle theory. With the Great Market Cycle, candlesticks reveal their powerful and simple logic and give traders the insight and context they need to use them successfully. Using these insights, readers will be able to trade each market phase in accordance with his or her own personal strategy. Felipe Tudela (Paris, France) is a researcher and specialist in technical analysis, as well as President of the Center of Financial Research in Paris.

The Arnolfini Betrothal Oct 05 2020 Edwin Hall's accessible study of Jan van Eyck's 1434 painting known as the "Arnolfini Wedding" makes a unique contribution to the fascinating history of betrothal and marriage custom, ritual, and ceremony, and offers a compelling new interpretation of this wonderful work of art. 16 color plates. 62 b&w illustrations.

Where did Moses and his people go after escaping from Pharaoh's Egypt? What was the holy Land like in Jesus' time? All these questions and more are answered in this interactive guide to the Bible. Pull the tab and slide the acetate window to discover lots of colourful information about key Bible stories.

Brief Candle in the Dark Aug 03 2020 In An Appetite for Wonder Richard Dawkins brought us his engaging memoir of the first 35 years of his life from early childhood in Africa to publication of *The Selfish Gene* in 1976, when he shot to fame as one of the most exciting new scientists of his generation. In *Brief Candle in the Dark* he continues his autobiography, following the threads that have run through the second half of his life so far and homing in on the key individuals, institutions and ideas that inspired and motivated him. He paints a vivid picture, coloured with wit, anecdote and digression, of the twenty-five postgraduate years he spent teaching at Oxford. He pays affectionate tribute to past colleagues and students, recalling the idiosyncrasies of an establishment steeped in ancient tradition and arcane ritual while also recording his respect for the profound commitment to learning and discovery that lies at its core. He invites us to share the life of a travelling scientist, from fieldwork on the Panama Canal to conferences of stratospheric eminence in exotic locations in the company of some of the most prominent of the world's scientific luminaries. And he describes his experiences with his many publishers, television producers, interviewers and partners in debate, not least in the heady period when, after publication of *The God Delusion* in 2006, he is dubbed the world's most outspoken and controversial atheist. Most important of all, for the first time he reviews with fresh and stimulating insights the evolving narrative of his ideas about science over the course of his highly distinguished career as thinker, teacher and writer. In *Brief Candle in the Dark* we are invited to enter with him a constantly stimulating world of discovery and to meet a fascinating cast of exceptional characters described by the talented pen of one of the most exceptional of them all.

[The Little Book of Hygge](#) Oct 25 2019 New York Times Bestseller Embrace Hygge (pronounced hoo-ga) and become happier with this definitive guide to the Danish philosophy of comfort, togetherness, and well-being. Why are Danes the happiest people in the world? The answer, says Meik Wiking, CEO of the Happiness Research Institute in Copenhagen, is Hygge. Loosely translated, Hygge—pronounced Hoo-ga—is a sense of comfort, togetherness, and well-being. "Hygge is about an atmosphere and an experience," Wiking explains. "It is about being with the people we love. A feeling of home. A feeling that we are safe." Hygge is the sensation you get when you're cuddled up on a sofa, in cozy socks under a soft throw, during a storm. It's that feeling when you're sharing comfort food and easy conversation with loved ones at a candlelit table. It is the warmth of morning light shining just right on a crisp blue-sky day. *The Little Book of Hygge* introduces you to this cornerstone of Danish life, and offers advice and ideas on incorporating it into your own life, such as: Get comfy. Take a break. Be here now. Turn off the phones. Turn down the lights. Bring out the candles. Build relationships. Spend time with your tribe. Give yourself a break from the demands of healthy living. Cake is most definitely Hygge. Live life today, like there is no coffee tomorrow. From picking the right lighting to organizing a Hygge get-together to dressing hygge, Wiking shows you how to experience more joy and contentment the Danish way.

Roman Ship Model May 24 2022 When the apostle Paul was sent from Caesarea to Rome to be tried before Caesar, he traveled in a Roman merchant ship. This book helps children bring to life the journey of Paul with fascinating information about ships, sailing in New Testament times, and Paul's eventful voyage. Children can also make their own Roman ship model using punch-out pieces stored in a pocket inside the back cover.

[A Simple Christmas on the Farm](#) Sep 23 2019 When a little girl finds out her family is planning a "simple" Christmas this year, she's not so sure about it. But soon she gets into the spirit of simplicity and generosity by making presents and Christmas decorations with her parents and grandparents on their family farm. She and her mama share Christmas cookies with friends they meet, inviting everyone to join them for

Christmas in their little red barn. Warm and heartfelt, this story invites children and families to imagine an inclusive Christmas, focusing on the simple pleasures of connection, community, and the care and generosity shared by making things by hand. Step-by-step directions for creating three handmade Christmas gifts are included at the end of the book. *A Simple Christmas on the Farm* is an inspired companion to author Phyllis Alsdurf's bestselling *Thanksgiving in the Woods*, a picture book based on the real-life story of a family that celebrates Christmas in the woods in Upstate New York.

Paul's Travels Oct 29 2022 Candle Discovery Series is an exciting interactive educational series designed for the 7+ age range, helping youngsters to learn the Bible. Through this fully illustrated guide, children discover the fascinating story of Paul - his life, journeys, and letters - with a letter stored in its own pocket for each chapter.

32 Candles Oct 17 2021 Davie Jones—an ugly duckling growing up in small-town Mississippi with a mother who couldn't get any meaner—is positive her life couldn't be any worse. Just when she's resigned herself to her fate, she sees a movie that will change her life—*Sixteen Candles*. But in her case, life doesn't imitate art. Tormented in school and hopelessly in unrequited love with a handsome football player, Davie finds it bittersweet to dream of Molly Ringwald endings. When a cruel school prank goes too far, Davie leaves the life she knows and reinvents herself in the glittery world of Hollywood—as a beautiful and successful lounge singer. Just as she's about to ride off into the L.A. sunset, the past comes back with a vengeance, threatening to crush Davie's dreams—and break her heart again. With wholly original characters and a cinematic storyline, *32 Candles* introduces Ernessa T. Carter, a new voice in fiction with smarts, attitude, and sassiness to spare.

Jo Malone Feb 27 2020 Known around the world for her eponymous brand of fragrances and her latest venture, *Jo Loves*, Jo Malone tells the “inspiring, courageous, and brutally honest” (Nylon) story of her rise from humble beginnings to beloved business success. Jo Malone began her international fragrance and scented candle business in 1983 in her kitchen, where she gave facials and made bath oils as thank-you gifts for her clients. She opened her first store in London in 1994 and, in 1999, she sold the Jo Malone London brand to Estée Lauder Companies for millions of dollars. Recently, she launched a new brand, *Jo Loves*, igniting the excitement of fashion and beauty websites all over the world. Raised in government-subsidized housing in Kent in the early 1960s, Jo Malone dropped out of school as a teenager to care for her sick mother. Jo had not been successful in school because of her severe dyslexia, but she had the ability to see and feel everything in scent. Her at-home beauty business and handmade products became popular, and word of her talent spread until an international brand was born. After the sale of her company and the birth of her son, she was diagnosed with breast cancer and underwent a double mastectomy. Thus began the second chapter of her life, and in her “inspiring story of human spirit and chutzpah” (Booklist, starred review), Jo tells her full amazing and inspiring personal story. This memoir is “a testament to the power of ambition and the joy of following your dreams” (People).

Standard Candles Mar 30 2020

Becoming Ben Franklin Jul 22 2019 In 1723 Ben Franklin arrived in Philadelphia as a poor and friendless seventeen-year-old who had run away from his family and an apprenticeship in Boston. Sixty-two years later he stepped ashore in nearly the same spot but was greeted by cannons, bells, and a cheering crowd, now a distinguished statesman, renowned author, and world-famous scientist. Freedman's riveting story of how a rebellious apprentice became an American icon comes in an elegantly designed book filled with art and includes a timeline, source notes, bibliography, and index

Your Intuition Led You Here Nov 25 2019 An intuitive resource for using everyday tools for magical results, featuring 32 rituals to help you tap into your intention and self-empowerment—from the owners of the destination boutique House of Intuition. “A must-read if you are into crystals, energy, and rituals.”—PopSugar Alex Naranjo and Marlene Vargas, the owners of the biggest metaphysical shop on the West Coast, empower you to hear your inner voice and design your own powerful rituals in response. Part memoir, part ritual guide, *Your Intuition Led You Here* is ultimately a path to accessing the healing potential of magic, understanding your power, and putting your intuition into practice. With wit, lightness, and accessibility, Alex and Marlene guide you through . . . • How to create magic: With thirty-two tried-and-true ritual recipes, this book is a uniquely knowledgeable guide on how to utilize the power of ritual to tap into intuition and inner knowing. • Symbolism: Discover the symbolism behind key ingredients (everyday herbs, oils, elements, crystals) so that you can devise and personalize your own rituals. • Rituals to manifest magic: Put magic to work with candle spells, protection baths, love jars, and box spells for releasing and letting go. Learn zodiac-personalized energies, herbs, colors, and the most energetically powerful days of the week to manifest your desired intentions. Your intuition is a gift. In these pages, you will learn to hear it and respond to it with intention so that you can align your reality with your true self.

The Discovery of Fireworks & Gunpowder Mar 10 2021 Explore the first English children’s picture book on how fireworks and gunpowder were created! This action-packed adventure features amazing illustrations which make history come alive. This is the second adventure in our series on cool inventions created in Asia. The cute red panda Dao transports the kids Emma and Ethan back in time to learn how fantastic creations came to be! This exciting journey investigates fireworks and gunpowder. It is like Globe Trekker meeting Back to the Future! The trio begins their trip 2,000 years ago in China! Alchemists discovered the secret formula for explosive powder and ancient dynasties used it.... even in war. Witness the evolution from flamethrower and bomb to gun and missile. However, fireworks also spread across the globe! Zip through the centuries to see how scientific advancements made new colors and shapes. Now everyone can celebrate happy occasions with dazzling light shows in the sky. Adults and children will enjoy this sequel to *The Discovery of Ramen*. This story vividly introduces interesting facts (even chemistry) with globe trotting. Readers will learn lessons never taught in school, plus see how these creations made possible modern pyrotechnics for festivals and holidays, from the Fourth of July to New Year’s. Discover more amazing inventions from *The Asian Hall of Fame* in the future! Teachers and librarians will appreciate how students eagerly absorb history, culture, and key words. Fans of comics and graphic novels will delight in the dynamic artwork, scenes so spectacular that you can see the sparkles and smell the smoke coming off the printed pages. - - - "We found this absolutely fascinating from both the perspective of enjoying a slice of Chinese history that made a huge contribution to something that people all around the world can enjoy at different times of the year, but also from the technical perspective of learning some of the intricate secrets of how fireworks actually do their thing. With a simple yet brilliantly explained set of facts worked into the story, and some really gorgeous illustrations, we'll be keeping an eye on Immediu's fabulous publications from now on." - Read it Daddy "The story carries a good balance between science and entertainment. Education, history and folktales blend to make a fun and engaging children’s book. The storytelling style intrigues readers to turn the page. It is a great read for children to encourage curiosity and adventure." - Sampan "an immediate and enduringly popular addition to family, daycare center, preschool, elementary school, and community library collections." - Midwest Book Review

Tabernacle Model Jul 26 2022 What was the purpose of the Tabernacle? What did it look like? What is the relationship between the Tabernacle and the Temple? All these questions and many more are answered in this fascinating story of the Tabernacle from its origins in the desert to the

building of a permanent temple.

Stories highlight incidents throughout Jesus' life to help illuminate his ministry. Text directs the reader to areas of interest along with simple questions, and provides references to the Bible for more detailed information. Includes maps of: Nazareth, Bethlehem, Capernaum, Sea of Galilee, and Jerusalem.

The Demon-Haunted World Nov 18 2021 A prescient warning of a future we now inhabit, where fake news stories and Internet conspiracy theories play to a disaffected American populace “A glorious book . . . A spirited defense of science . . . From the first page to the last, this book is a manifesto for clear thought.”—Los Angeles Times How can we make intelligent decisions about our increasingly technology-driven lives if we don't understand the difference between the myths of pseudoscience and the testable hypotheses of science? Pulitzer Prize-winning author and distinguished astronomer Carl Sagan argues that scientific thinking is critical not only to the pursuit of truth but to the very well-being of our democratic institutions. Casting a wide net through history and culture, Sagan examines and authoritatively debunks such celebrated fallacies of the past as witchcraft, faith healing, demons, and UFOs. And yet, disturbingly, in today's so-called information age, pseudoscience is burgeoning with stories of alien abduction, channeling past lives, and communal hallucinations commanding growing attention and respect. As Sagan demonstrates with lucid eloquence, the siren song of unreason is not just a cultural wrong turn but a dangerous plunge into darkness that threatens our most basic freedoms. Praise for *The Demon-Haunted World* “Powerful . . . A stirring defense of informed rationality. . . Rich in surprising information and beautiful writing.”—The Washington Post Book World “Compelling.”—USA Today “A clear vision of what good science means and why it makes a difference. . . . A testimonial to the power of science and a warning of the dangers of unrestrained credulity.”—The Sciences “Passionate.”—San Francisco Examiner-Chronicle

Candle Power Apr 23 2022 Use the ancient power of candles to carry out rituals, cheer festivities, celebrate rites of passage, and much more. Begin the candle enchantment by matching the color to the work you want to do; link candles to astrology; recall past lives; perform healing ceremonies; and overcome fears. Perfume the air with scented candles--each aroma has a special significance. Inscribe a candle with your deepest wishes. Captivating photographs and instructions for rituals will guide you on this timeless path

Living in Bible Times Sep 16 2021 Candle Discovery Series is a new exciting interactive educational series designed for the 7+ age range, helping youngsters to discover the Bible. This exciting guide to important buildings and structures in Bible times asks many questions. Moses build a great tent in which to meet God. How was it constructed? Herod's Temple was a marvel of it's time, what did it actually look like? In what sort of ship was Paul ship wrecked? All these and many more are answered graphically as the sliding acetate picture enables the detail and content to be revealed.

The Christmas Candle May 12 2021 In the spirit of Christmas Shoes and Christmas Hope, the author presents another inspirational--and magical--holiday story that centers around an eighteenth-century village in which an angel mysteriously appears.

Burn: Michael Faraday's Candle Aug 15 2021 Read Along or Enhanced eBook: WHAT MAKES A CANDLE BURN? Solid wax is somehow changed into light and heat. But how? Travel back in time to December 28, 1848 in London, England to one of the most famous juvenile science Christmas lectures at the Royal Institution. British scientist Michael Faraday (1791-1867) encouraged kids to carefully observe a candle and to try to figure out how it burned. Known as one of the best science experimenters ever, Faraday's passion was always to answer the basic questions of

science: “What is the cause? Why does it occur?” Since Faraday’s lecture, “The Chemical History of a Candle,” was published in 1861, it’s never been out of print. Oddly, till now, it’s never been published as a children’s picture book. Faraday originally gave seven lectures on how a candle burns. Pattison has adapted the first 6000-word lecture to about 650 words for modern elementary students.

Discovery Series: Introduction to Lifespan Dec 19 2021 The Cengage Learning DISCOVERY SERIES: INTRODUCTION TO LIFESPAN is designed to deliver traditional course content in an innovative hybrid learning format instruction presented in a printed handbook paired with integrated online applications and assessments. The program promotes measurable mastery of core course learning objectives by guiding students’ active engagement with content delivered through the book, images, video, simulations, and assessments. This contemporary approach to learning seamlessly integrates text and technology, enabling students to easily move from the book’s instruction to its online applications for a deeper, lasting understanding of the core psychological concepts, and for assessments (all assignable) that reliably track students’ progress and performance. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The 12th Candle Jan 08 2021 Middle school meets magic in this hilarious and heartfelt novel about a girl whose life flips when she wishes on an enchanted candle—perfect for fans of Sarah Mlynowski and Wendy Mass. Sage Sassafras’s life is cursed! No, really. Since birth, Sage has been plagued by the Contrarium Curse that’s set her at odds with classmate Priscilla Petty. Every time something goes right for Priscilla, it goes terribly, horribly wrong for Sage. And things always go well for Priscilla. Sage blames the curse for all her middle school misery—from losing a friend to failing gym to gaining a reputation as the girl whose daddy’s in trouble. So when Sage is given a magical candle on her twelfth birthday, she seizes the chance to turn her luck around—with a wish to reverse the curse. But when the consequences of her wish take a terrible turn, Sage has to team up with her worst enemy—before she’s doomed to a life of opposites forever.

ANTHEM Dec 07 2020 Hailed by The New York Times as “a compelling dystopian look at paranoia from one of the most unique and perceptive writers of our time,” this brief, captivating novel offers a cautionary tale. The story unfolds within a society in which all traces of individualism have been eliminated from every aspect of life — use of the word “I” is a capital offense. The hero, a rebel who discovers that man’s greatest moral duty is the pursuit of his own happiness, embodies the values the author embraced in her personal philosophy of objectivism: reason, ethics, volition, and individualism. Anthem anticipates the themes Ayn Rand explored in her later masterpieces, *The Fountainhead* and *Atlas Shrugged*. Publisher’s Weekly acclaimed it as “a diamond in the rough, often dwarfed by the superstar company it keeps with the author’s more popular work, but every bit as gripping, daring, and powerful.” Anthem is a dystopian fiction novella by Ayn Rand, written in 1937 and first published in 1938 in England. It takes place at some unspecified future date when mankind has entered another dark age characterized by irrationality, collectivism, and socialistic thinking and economics. Technological advancement is now carefully planned (when it is allowed to occur at all) and the concept of individuality has been eliminated.

Murder’s No Votive Confidence Feb 09 2021 Nantucket candle store owner Stella Wright specializes in creating unique candles for every occasion. But someone sets the stage for murder when a Memorial Day celebration becomes a wedding to die for . . . Jessica Sterling’s candlelight-themed nuptials promises to be the perfect kick-off to the summer’s first official holiday weekend. Stella’s thrilled to have been chosen to provide the decorative centerpiece for the wedding ceremony: a two-foot-tall scented unity candle—a symbol of the happy couple’s

love. But it looks like the bride-to-be's uncle won't be walking his niece down the aisle after he's found dead. The murder weapon is Stella's seemingly indestructible candle, now split in two. When a beloved local bartender is arrested, Stella's sure a visiting police captain running the case made a rush to justice. With superstitious brides-to-be canceling orders and sales waxing and waning at her store, the Wick & Flame owner decides to do some sleuthing of her own. Abetted by a charming reporter and challenged by the town's sexiest cop, Stella's determined to shine a light on the truth and uncover a killer who's snuffing out her own flame.

Blowing out the Candle Jan 28 2020 Blowing Out the Candle tells the story of one couples attempts to have children and one mans chance discovery of a genetic problem that had been preventing their success. During eight years of failed attempts ending in a string of miscarriages, doctors and fertility lab technicians at different providers including the University of New Mexico deemed his wife, Annie, the most likely suspect rather than her husband, TJ. Like millions of women around the world who are thought to be infertile, Annie was subjected to many invasive tests, painful procedures, injections, and different medications. Years go by as Annie suffers numerous miscarriages, while she and TJ equally endure the trials and tribulations of attempts at conception through artificial insemination. In time, mounting disappointment, nonstop pain and suffering, and financial hardship contribute to rough times in their marriage. All the while, neither Annie nor TJ suspected that the problem is hisand that it is solvable. Blowing Out the Candle is a compelling and inspirational story about an average young couple who, in their determination to have a child, subject themselves to nearly a decade of living like laboratory animals. More importantly, it offers the remarkable news that there is help for infertile males.

Noah's Ark Pop-Up Sep 04 2020 Retells the story of Noah's ark with pop-up illustrations.
