Our book servers saves in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Merely said, the Dear God They Say Its Cancer A Companion Guide For Women On The Breast Cancer Journey is universally compatible with any devices to read

*White Fragility* Jun 27 2019 The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this "vital, necessary, and beautiful book" (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and "allows us to understand racism as a practice not restricted to 'bad people' (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

**Irving Berlin** Jul 01 2022 From the prizewinning Jewish Lives series, a fast-moving, musically astute portrait of arguably the greatest composer of American popular music Irving Berlin (1888-1989) has been called--by George Gershwin, among others--the greatest songwriter of the golden age of the American popular song. "Berlin has no place in American music," legendary composer Jerome Kern wrote; "he is American music." In a career that spanned an astonishing nine decades, Berlin wrote some fifteen hundred tunes, including "Alexander's Ragtime Band," "God Bless America," and "White Christmas." From ragtime to the rock era, Berlin's work has endured in the very fiber of American national identity. Exploring the interplay of Berlin's life with the life of New York City, noted biographer James Kaplan offers a visceral narrative of Berlin as self-made man and witty, wily, tough Jewish immigrant. This fast-paced, musically opinionated biography uncovers Berlin's unique brilliance as a composer of music and lyrics. Masterfully written and psychologically penetrating, Kaplan's book underscores Berlin's continued relevance in American popular culture. About Jewish Lives: Jewish Lives is a prizewinning series of interpretative biography designed to explore the many facets of Jewish identity. Individual volumes illuminate the imprint of Jewish figures upon literature, religion, philosophy, politics, cultural and economic life, and the arts and sciences.

Subjects are paired with authors to elicit lively, deeply informed books that explore the range and depth of the Jewish experience from antiquity to the present. In 2014, the Jewish Book Council named Jewish Lives the winner of its Jewish Book of the Year Award, the first series ever to receive this award. More praise for Jewish Lives: "Excellent." - New York times "Exemplary." - Wall St. Journal "Distinguished." - New Yorker "Superb." - The Guardian

**The War That Doesn't Say Its Name** Aug 02 2022 "The Congolese conflict has been dubbed a "forever war," a conflict that defies resolution. As of 2016, the Congo was experiencing its twentieth year of violent conflict, one of worst humanitarian calamities of our time and climbing the all-time charts. According to one study, 5.4 million people have died between 1998 and 2007 alone, largely from disease, though fighting and violence is ongoing to this day. This study aims to explain the most recent phases of the conflict, why it has lasted for so long, where diplomats and peacemakers have gone wrong in their approach to solving the violence, and how the Congo can help us understand contemporary armed conflict more broadly. Using the Congolese conflict as an illustrative case study, the author argues that three factors determine why conflicts there have persisted in some places while dwindling elsewhere: the cohesion, political culture, and constituencies of the belligerents. He finds that the more fragmented the belligerents, the more protracted the conflict becomes, and as they shift to see the conflict as an end in itself and to perceive violence as an acceptable and necessary tool of politics, the longer the conflict lasts. Finally, he develops a theory for how social constituencies shape negotiations between belligerents and the government by providing guarantees, brokering contacts, and presenting commitment problems"--

**It's OK to Say "They"** May 31 2022 How can educators ensure all students--regardless of gender--feel safe, seen, and supported in their classrooms? Transgender and nonbinary students are at risk in our K-12 schools. These students face almost constant challenges in educational spaces and navigate institutional practices that were not designed to accommodate their gender identities. It's OK to Say "They" addresses some of the pervasive challenges that can impact every part of a student's day: When teachers refuse to acknowledge a student's gender identity When students are assigned to sit by gender in class or on the bus When a student is not allowed to use facilities or changing rooms that align with their gender identities When a curriculum does not acknowledge transgender and nonbinary identities When teachers and school policies use exclusionary gender-based language Incorporating the real-life experiences of transgender and nonbinary students, It's OK to Say "They" offers educators practical tools they can use to foster an inclusive environment for transgender and nonbinary students. This easy-to-use guide is a resource for educators and administrators seeking to be better allies to students. By avoiding gendered language practices, designing inclusive curricula, and creating conscientious school policies that take into account the needs of transgender and nonbinary students, educators can create inclusive spaces for students of all gender identities. A portion of the proceeds from sales of this book benefit San Diego LGBT Pride youth programs. Learn more about their work at [www.sdpride.org/youth/](http://www.sdpride.org/youth/). As a nonbinary person who often had to make the difficult choice between expressing my own gender identity or protecting my personal safety in school, I am beyond grateful that this trailblazing book exists as a resource for educators and ultimately the well-being of our youth.-- Fernando Z. López, executive director, San Diego LGBT Pride It's OK to Say "They" is a must-read for educators everywhere. It seamlessly interweaves practical, accessible tips for allies with educational (and sometimes heartbreaking) first-person accounts from students. By enacting this book's suggestions for improving trans inclusivity in the classroom and beyond, educators have the opportunity to change and even save students' lives.-- Molly Woodstock, gender educator and Gender Reveal podcast host Finally! All educators want to provide support to transgender and nonbinary students, but most are not really sure how to do so. This groundbreaking book provides detailed strategies and language to support all students. -- Matthew L. Beyranevand, EdD, math teacher and author of Teach Math Like This, Not Like That and Adding Parents to the Equation

**The Broken Places** Mar 17 2021 Susan Perabo's short-story collection, *Who I Was Supposed to Be*, was named a Best Book of 1999 by the Los Angeles Times, The Miami Herald, and the St. Louis Post-Dispatch. The Boston Globe proclaimed the debut "a stunning introduction to a fresh new literary talent." Now Susan Perabo returns with *The Broken Places*, her eagerly anticipated novel about love and honor and how the aftermath of one terrifying night -- and one heroic act -- affects a close-knit family. Twelve-year-old Paul Tucker knows his family is something akin

to royalty in small-town Casey, Pennsylvania. His father, Sonny, is a dedicated career fireman, in line for the position of chief, long held by Paul's late grandfather, a local legend whose heroics continue to occupy the hearts and minds of all who knew and worked with him. Paul's mother, Laura, is a math teacher at the high school; Paul is sometimes annoyed by her worries over him (and her apparent lack of worry over his father), but his life is generally untroubled, his future bright, his time measured by sport seasons. But on a windy October day, the collapse of an abandoned farmhouse forever alters the fates and perceptions of Paul, his family, and those closest to them. Sonny and the other Casey firemen attempt a dangerous rescue to reach a teenager buried under the rubble, and when Sonny himself is trapped by a secondary collapse, Paul, his mother, and the crowd of onlookers believe the worst. The wait is excruciating; it's baby Jessica all over again, but this time the "innocent victim" is sixteen-year-old Ian Finch, a swastika-tattooed hoodlum who may have brought the house down on himself while building bombs. Still, when Sonny emerges from the rubble hours later, the maimed teenager in his arms, the rescue becomes a minor miracle and a major public relations event, a validation of all things American and true. Sonny is immediately hailed as a national hero. And Paul's life is suddenly, and irrevocably, changed. Beyond the limelight, the parades, and the intrusion of the national media into a quiet and predictable life, the Tucker household balance is upset. And Ian Finch's curious and continued involvement in Sonny's life creates a new and troubling set of hurdles for Paul to overcome. Somehow, though his father has been saved, he continues to slip through Paul's fingers. Secrets, lies, and changing alliances threaten Paul's relationship with his father and his mother and his understanding of what holds a family -- and a town -- together. The Broken Places is a brilliant meditation on the psychology of heroism, the definition of family, and the true meaning of honor. With pitch-perfect dialogue, subtle but stunning insights, and a dazzling ability to uncork the quiet power of each character, Susan Perabo's *The Broken Places* uncovers and celebrates the unsettling truths of human nature.

**Los Angeles Magazine** Jun 07 2020 Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California.
