Rice value chain in Ghana - Prospective analysis and strategies for sustainable and pro-poor growth Apr 23 2022 Based on past experience of partnership on support to National Rice Development Strategies (NRDS) within Coalition for African Rice Development (CARD), AfricaRice and FAO decided to conduct a series of rice policy reviews for Ghana, Ivory Coast and Mali in 2019. The following study uses the Ex-ante Carbon-balance Value Chain tool (EX-ACT VC), developed in 2016 by FAO, to assess the Ghanaian rice value chain's environmental (in terms of climate mitigation and climate resilience) and socio-economic impact for a business as usual scenario in 2020 compared to a growth scenario for 2030. Promotion of good agricultural practices (GAP), the reduction of crop losses, and an increase in the use of inputs and mechanization are the different strategies considered in this study that would help in realizing the aim of self-sufficiency. Through the implementation of these practices, along with the expansion of rice growing areas, the income per day of work per farmer would increase by more than USD 4, reaching approx. USD 9/day of work in the value chain. The gross production value of the rice value chain would reach USD 856 million, which is an additional USD 511 million in gross production value by 2030. An upgraded rice value chain would also result in an increase in the value added by USD 378 million by 2030 with an overall positive carbon balance that would emit 284 852 tCO₂-e of greenhouse gas emissions.

The Rice Economy of Asia Jan 08 2021 To millions of people in the world, rice is the center of existence, especially in Asia, where more than 90 percent of the world's rice is grown. This book is about the trends and changes that have occurred in the Asian rice economy since World War II, but particularly since the introduction of new varieties of rice and modern technology in the mid-1960s. Although there is now a vast amount of literature and statistical data on various aspects of the subject, no single comprehensive treatment has previously been prepared. *The Rice Economy of Asia* not only provides such a treatment but also presents a clear picture of some of the critical issues dealing with productivity and equity --- as a glance at the table of contents will show. In addition to 18 chapters, there are an extensive bibliography, 150 tables, and 50 charts. The volume, as a whole, should be interesting and useful to decisionmakers at national and international levels, to professionals, and to students of development.

Leadership Reckoning Nov 06 2020 Since its inception, higher education in the U.S. has claimed to develop leaders. This bold claim appears in college mission statements and mottos, and it is reinforced in recruiting materials and ad campaigns. But is this claim justified? *Leadership Reckoning* takes to task American colleges and universities for their haphazard, incoherent, evidence-free approaches to developing students as leaders and offers a principle-driven, outcome-oriented blueprint for how effective leader development can occur. Higher education has both the opportunity and the responsibility to take leader development seriously and create the leaders we need. It's high time that happens, and *Leadership Reckoning* points the way. "Take it from me, as someone who has worked in both government and business: leadership matters! In the face of global challenges like the climate crisis and the Covid-19 pandemic, the need for good leaders in every part of society has never been greater. In *Leadership Reckoning*, the Doerr Institute for New Leaders pioneers a data-driven approach to make the development of moral leadership a core function of college education. This book is a must read for the leaders of today and tomorrow." -Al Gore, Former Vice President of the United States "This book is a gem of a resource for institutions of higher education considering their role and approach in preparing the rising generation to exert the leadership our world needs. It is hard to imagine a more important question for revitalizing our colleges and universities and, most importantly, for getting on the path to realizing our collective aspirations for a just, sustainable, and peaceful world." -Wendy Kopp, CEO and Co-founder of Teach for All "Our students will impact the world in far greater proportion than their numbers. Higher Education needs to fulfill its currently broken promise to students and society: to intentionally and genuinely prepare them to lead in a complex and hyper-connected world. This book makes a compelling case for leadership being central to university mission and more importantly, delivering on that mission." -Cynthia Cherrey Ph.D., President & CEO, International Leadership Association "Higher education institutions have an urgent obligation to develop real-world leadership skills in students, and the authors provide innovative, practical ways to accomplish that mission. This groundbreaking book is a must-read for every university administrator and board member." -John R. Ryan, President & CEO, Center for Creative Leadership, Former Chancellor, State University of New York "Imagine every student at your institution having the opportunity to formally participate in developing their leadership skills. Imagine that those who participate come to see themselves as better leaders, perform more effectively as leaders, and do better in school than those who don't. Imagine no more. This is happening right now, and authors Tom Kolditz, Libby Gill, and Ryan Brown show you where and how in *Leadership Reckoning*. Kolditz, Gill, and Brown begin with an insightful critique of the current state of affairs, and then they spend equal time documenting an evidence-based approach that creatively and effectively responds to unmet needs." -Jim Kouzes, coauthor of the bestselling and award-winning, *The Leadership Challenge*, and former Dean's Executive Fellow of Leadership, Leavey School of Business, Santa Clara University

The Death of Old Man Rice Jun 25 2022 The Story of One of the Most Remarkable Trials in All History! Sensational trials--the Menendez brothers, the Rodney King case, the Preppie Murder--are not unique to the age of television. The year 1900 saw one of the most dramatic criminal trials in American history, described by one newspaper at the time as America's most remarkable murder case. When William Marsh Rice, the founder of Rice University, was found dead in the New York City quarters he shared with his only servant, suspicion immediately fell on Albert Patrick, a young lawyer. Rice, whose fortune was pledged to Rice Institute (later Rice University), had, it seemed, been killed by chloroform poisoning and his will forged to give Patrick his vast estate. Patrick was immediately arrested and, in a spectacular trial, tried for first-degree murder, a crime then punishable by execution. In this combination murder mystery and murder history, Martin Friedland recounts the events leading up to the trial and the case as it played itself out in court. Skillfully guiding the reader through the trial and its outcome, Friedland sheds new light on the events, casting doubt on what, at first glance, seems an ironclad case. Provocatively illustrated with over 60 photographs that capture the circumstances of the trial and the mood of New York City at the turn of the century, *The Death of Old Man Rice* is not only a gripping tale of murder and intrigue, but a timely window onto many aspects of criminal justice in America. Touching on issues of great contemporary relevance-- such as the influence of the popular press; the purchase of expert witnesses; the problems of multiple appeals; the inadequacy of penal institutions; and the advantages of wealth--Friedland combines scholarship with suspense in his trademark who done it style. A murder mystery, a historical study, and a fascinating window into the world of forensic science, *The Death of Old Man Rice* is that rare book that can engage any reader.

A Room in Dodge City Jun 20 2019 *A Room in Dodge City* follows a nameless drifter into an American heart of darkness. In this nightmarish version of the historic Dodge City, mythic beasts crawl out of the woodwork; bizarre rituals are enacted; and death is never the end. Equal parts humor and horror-show, David Leo Rice's novel combines the mundaneness of modern life-motels, strip malls, temp jobs-with something stranger, darker, and more eternal. Told through linked vignettes that read like metaphorical fairytales gone wrong, *Dodge City* consumes the reader just as it slowly consumes the drifter, leaving all to wonder whether any of us can ever truly escape this world-or our own. Winner of the Electric Book Award Each chapter is fully illustrated by Christina Collins. "David Lynch meets Neil Gaiman meets Samuel Beckett and the Theater of the Absurd. Just as *Dodge City* is a place the narrator can never leave, Rice's book sucks you in and doesn't let you walk out of it intact, either." -Nick Antosca, author of *The Girlfriend Game, Midnight Picnic, & Fires* "With a draftsman's hand and a psychonaut's eye, Rice has mapped the alien precinct in which we already live. I've never encountered a book so strange yet so familiar. Writers such as William Burroughs and Samuel Delany may have helped prepare the ground, but this high-speed, controlled drift across it is all Rice's own." -Joanna Ruocco, author of *Dan & A Compendium of Domestic Incidents* "A vivid, precisely described nightmare filled with jokes for people who think nothing is funny anymore. Rice imagines American pop culture as a Hieronymus Bosch painting come to life, and he gives us a carnival barker's tour through a disturbing landscape of lost souls, vain ambitions, and distorted identities, ultimately finding a path to redemption through the spiritual wreckage." -Mark Beauregard, author of *The Whale: A Love Story* "Rice cares deeply about his characters and this comes out in every vignette. He doesn't follow the nihilistic postmodern structure by declaring that life is meaningless or hopeless. What we find is the presence of hope in all things, no matter how run-down they might appear on the surface." -Joe Halstead, author of *West Virginia* "*Dodge City* is a walk on the dark side of the contemporary imagination that reworks the post-realist storytellings of Donald Barthelme or Henri Michaux into a voice that is unique. A picaresque novel for the age of the Darknet and Tor." -Simon Pummell, director of *Bodysong & Identicals* "In his mind-boggling debut novel, Rice conjures a series of seemingly unassuming vignettes that read like a revelatory prose poem written by the Zodiac Killer. A celebration of what it means to know that you know that you can never know everything." -Mike Kleine, author of *Kanley Stubrick* "Don't enter into Rice's terrifying and hilarious fictional multiverse looking for causality, continuity, or logic, as we know them. *A Room in Dodge City* will plunge you into a nightmarish warren-maze where somewhere, amid the numberless trapdoors, inner chambers and branching halls on branching halls, a literary orgy is going down among the imaginative intellects of Blake Butler, Kathryn Davis, Haruki Murakami, Livia Llewellyn, and Robert Coover, refereed by Cronenberg and Lynch." -Adrian Van Young, author of *Shadows in Summerland & The Man Who Noticed Everything* "*A Room in Dodge City* warps the serial format to its own uncanny ends. Briskly paced with elegantly streamlined prose, the book follows its own impeccably strange and addictive dream logic." -Jeff Jackson, author of *Mira Corpora & Novi Sad* "Unsettling and unsettled, reading *A Room in Dodge City* is like reading Jakob von Gunten's dream journal the day after he'd stayed up late to watch *High Plains Drifter* and *Videodrome*." -Gabriel Blackwell, author of *Madeleine E.* Find out more about Alternating Current Press at alternatingcurrentarts.com.

Tough Love Sep 23 2019 Recalling pivotal moments from her dynamic career on the front lines of American diplomacy and foreign policy, Susan E. Rice-National Security Advisor to President Barack Obama and US Ambassador to the United Nations-reveals her surprising story with unflinching candor in this New York Times bestseller. Mother, wife, scholar, diplomat, and fierce champion of American interests and values, Susan Rice powerfully connects the personal and the professional. Taught early, with tough love, how to compete and excel as an African American woman in settings where people of color are few, Susan now shares the wisdom she learned along the way. Laying bare the family struggles that shaped her early life in Washington, DC, she also examines the ancestral legacies that influenced her. Rice's elders-immigrants on one side and descendants of slaves on the other-had high expectations that each generation would rise. And rise they did, but not without paying it forward-in uniform and in the pulpit, as educators, community leaders, and public servants. Susan too rose rapidly. She served throughout the Clinton administration, becoming one of the nation's youngest assistant secretaries of state and, later, one of President Obama's most trusted advisors. Rice provides an insider's account of some of the most complex issues confronting the United States over three decades, ranging from "Black Hawk Down" in Somalia to the genocide in Rwanda and the East Africa embassy bombings in the late 1990s, and from conflicts in Libya and Syria to the Ebola epidemic, a secret channel to Iran, and the opening to Cuba during the Obama years. With unmatched insight and characteristic bluntness, she reveals previously untold stories behind recent national security challenges, including confrontations with Russia and China, the war against ISIS, the struggle to contain the fallout from Edward Snowden's NSA leaks, the U.S. response to Russian interference in the 2016 election, and the surreal transition to the Trump administration. Although you might think you know Susan Rice-whose name became synonymous with Benghazi following her Sunday news show appearances after the deadly 2012 terrorist attacks in Libya-now, through these pages, you truly will know her for the first time. Often mischaracterized by both political opponents and champions, Rice emerges as neither a villain nor a victim, but a strong, resilient, compassionate leader. Intimate, sometimes humorous, but always candid, *Tough Love* makes an urgent appeal to the American public to bridge our dangerous domestic divides in order to preserve our democracy and sustain our global leadership.
