The Blue Sword Oct 29 2022 A Newbery Honor Book and a modern classic of young adult fantasy, *The Blue Sword* introduces the desert kingdom of Damar, where magic weaves through the blood and weaves together destinies. New York Times–bestselling and award-winning author Robin McKinley sets the standard for epic fantasy and compelling, complex heroines. Fans of Sarah J. Maas, Leigh Bardugo, and Rae Carson will delight in discovering the rich world of Damar. Harry Crewe is a Homelander orphan girl, come to live in Damar from over the seas. She is drawn to the bleak landscape, so unlike the green hills of her Homeland. She wishes she might cross the sands and climb the dark mountains where no Homelander has ever set foot, where the last of the old Damarians, the Free Hillfolk, live. Corlath is the golden-eyed king of the Free Hillfolk, son of the sons of the legendary Lady Aerin. When he arrives in Harry's town to ally with the Homelanders against a common enemy, he never expects to set Harry's destiny in motion: She will ride into battle as a King's Rider, bearing the Blue Sword, the great mythical treasure, which no one has wielded since Lady Aerin herself. The curse placed on her at her christening will hunt her down through the years, gathering strength, and at some point a princess must become a queen, even if she would rather just stay ordinary-

A Knot in the Grain Aug 27 2022 Stories from the world of *The Hero and the Crown* and other magical places by a New York Times–bestselling Newbery Medal winner. Robin McKinley returns to the mythical setting of *The Hero and the Crown* and *The Blue Sword* in this “thrilling, satisfying, and thought-provoking collection” featuring two stories set in the world of Damar, plus three other fantasy tales featuring adventurous, pragmatic, and heroic young women (Publishers Weekly). There's mute Lily, in “The Healer,” who has the power to help others, and receives a startling opportunity to find her voice when a mysterious mage stumbles into town. And Queen Ruen, who is at the mercy of a power-hungry uncle until she encounters a shape-changer in “The Stagman.” In “Touk's House,” a maiden who has grown up with a witch and a troll has a chance to become a princess, but she must decide whether she would really live happily ever after. When a curse follows Coral to her new husband's farm in “Buttercups,” the pair has a choice: Succumb to defeat or find a way to turn a disastrous enchantment into a fruitful new venture. Finally, travel to upstate New York with Annabelle. In the title story, her family moves shortly after her sixteenth birthday, and just as she starts to adjust to her new life in a small town, a plan to build a superhighway threatens her new home. But a strange box hidden in a secret attic in the new house may be the answer. This is a delightful assortment of tales from an author with “a remarkable talent for melding the real and the magical into a single, believable whole” (Booklist).

The Hero and the Crown Sep 28 2022 Robin McKinley's mesmerizing history of Damar is the stuff that legends are made of. *The Hero and the Crown* is a dazzling "prequel" to *The Blue Sword*. But she is also the daughter of a witchwoman of the North, who died when she was born, and the Damarians cannot trust her. But Aerin's destiny is greater than her father's people know, for it leads her to battle with Maur, the Black Dragon, and into the wilder Damarian Hills, where she meets the wizard Luthé. It is he who at last tells her the truth about her mother, and he also gives over to her hand the Blue Sword, Gonturan. But such gifts as these bear a great price, a price Aerin only begins to realize when she faces the evil mage, Agsded, who has seized the Hero's Crown, greatest treasure and secret strength of Damar.

Analytical Issues in Participatory Natural Resources Jun 20 2019 Attempts to manage natural resources through collaboration rather than competition, by agreements rather than conflict, have become the touchstone for many who see these efforts as the harbinger of global sustainable development. The received wisdom suggests that participatory natural resource management projects work because traditional knowledge of the resources and existing social structures can be utilised to develop more effective strategies for resource use. Participation is a flexible and adaptable concept, which can reflect local circumstances and priorities. The contributors to this volume advise caution as well as optimism for projects conducted in this way. By drawing on the experience of NGOs, national governments and donor sectors as well as academic researchers this volume analyses the theory and practice of participatory natural resource management and demonstrates the value of constructive dialogue between all those involved.

People, Plants, and Justice Mar 22 2022 In an era of market triumphalism, this book probes the social and environmental consequences of market-linked nature conservation schemes. Rather than supporting a new anti-market orthodoxy, Charles Zerner and colleagues assert that there is no universal entity, “the market.” Analysis and remedies must be based on broader considerations of history, culture, and geography in order to establish meaningful and lasting changes in policy and practice. Original case studies from Asia, Latin America, Africa, and the South Pacific focus on topics as diverse as ecotourism, bioprospecting, oil extraction, cyanide fishing, timber extraction, and property rights. The cases position concerns about biodiversity conservation and resource management within social justice and legal perspectives, providing new insights for students, scholars, policy professionals and donor/foundations engaged in international conservation and social justice.
